(*iii*) *Assault of Lecturer in Tahsildar office in Gulbarga*

SRI QAMARUL ISLAM (Gulbarga).—Sir, I call the attention of the Chief Minister to an assault of a Lecturer in Tahsildars office Gulbrga by the Police Sub-Inspector of Station Bazaar Police Station on 12-6-1981.

SRI M. VEERAPPA MOILY (Minister for Finance).—Sir, on behalf of the Chief Minister. I make the following statement :

It is reported that on 12-6-1981 one Sri Syed Khalid Lecturer in Government College of Commerce, Bidar, went to Tahsil Office, Gulbarga in order to obtain a residental certificate for enrolment as a member of the Graduates Constituency. He made enquiries about the Village Accountant of his jurisdiction. A situation seems to have developed in the course of the enquiries, which led to exchange of word between a second Division Clerk of the Taluk Office and Sri Syed Khalid. The Police Sub Inspector, Station Bazar who also happened to be at the Tahsil Office on official work interfered at the request of the Second Division Clerk of the Tahsil Office in order to prevent any ugly situation. Shri Khalid however questioned his authority and defied him.

2 The Police Sub Inspector thereupon arrested Sri Khalid and used force in the process. It is learnt that Sri Khalid suffered minor injuries and was treated at the Government Hospital, Gulbarga.

3 On a complaint of one Shri Venkatesh, Second Division Clerk Tahsil Office a complaint has been registered against Shri Khalid in Brahmapur Police Station Cr. No. 249/81 under Section 353 and 504 (Intentional insult with intent to provoke breach of peace) of the IPC. Shri Khalid has also given a complaint which disclosed offences under Section 323 and 355 of the IPC which are noncognizable offences. As he PSI was prime facie found to have used force in excess of whats was warranted by the cricumstances, the permission of the Magistrate has been obtained and a case is registered against him in Cr. No. 250/81 under sections 323 (causing hurt voluntarily) and 355 (assault or criminal force with intent to dishonour person otherwise than on grave provocation). These cases are under further investigation.

4 The Police Sub Inspector is also being dealt with under Rule 7 of the Karnataka State Police (Disciplinary proceedings) Rules, 1965.

† SRI QAMARUL ISLAM.—The Finance Minister has made a statement on behalf of the Hon'ble Chief Minister regarding this Calling Attention Minister Notice tabled by me. I would like to furnish some facts relating to this incident. Soon after the incident took place, somebody telephoned me and I went to Tahsildar's office. On that particular day about 500 students had gathered in the Tahsildars' office seeking different certificates. Many citizens of Gulbarga, Raichur and Bidar were also there and they wanted residential certificates to enrol their names and as we all know, 15th was the last date for applying to the polytechnic, Engineering colleges, for University enrolment, for enrolment to the Graduates' Constituency etc. On that day the Hon'ble Minister for Food and Civil Supplies had also visited Gulbarga. Since three days, the students had gathered in the Tahsildar's office to get their certificates. But the Village Accountant was not there in the office. All were there in the Ivaan Shahi' Guest House. In the Tahsildar's office, there was no Village Accountant, and there was no Revenue Inspector. This Tahsildar's office comes under the jurisdiction of the Brahmapur Police Station and not under the Station Bazar Police Station. The Tahsildar on that day was promoted as Assistant Commissioner and the Sub-Inspector of Station Bazar Police Station had come to Tahsildars' office. I enquired as to how the Sub-Inspector of Station Bazar Police Station can come here when this Tahsildar's office does not come under his jurisdiction. I came to know after enquiry that the Sub-Inspector had come there to congratulate the Tahsildar on his promotion. This was the background. I was also present on that day. This matter was witnessed by a number of graduates and citizens. The Lecturer never challenged the authorities. I ascertained this fact also from the people present there and from the students. When there was exchange of thoughts and words, this Sub-Inspector just came into the Court hall, caught hold of the hair of the Lecturer and started beating him without allowing a single minute for the lecturer to plead his innocence. Though the Lecturer was shouting that he is a Lecturer. he was never heard by the Sub-Inspector. The Sub-Inspector took the Lecturer to the Police Station which was situated about 200 to 300 yards away beating him all the way. It is also mentioned in the statement of the Minister that the Police Sub-Inspector thereupon arrested Sri Khalid and used force in the process. So, the Police Sub-Inspector assaulted him, beat him severely and the Lecturer got severe injuries and was admitted to the hospital for two days. All the people including myself and the Press were present there and we wanted to register the case. All the Sub-Inspect-

ors of that area and the Superintendent of Police had also come to the spot. I apprised the Superintendent of Police of the situation and told him that if the same position continues, anything can happen, the Police Station may be burnt and there may be destrictive activities. I also requested him not to make this issue as a prestige issue of the Police Department. The Sub-Inspector has committed a mistake and he must be immediately suspended. The Superintendent of Police assured me that he would take prompt action in this regard. But no action has been taken. Under Rule 7, enquiry was conducted I want that the Sub-Inspector should be suspended immediately. I am quoting another example here. The same Sub-Inspector has beaten a famous child of a doctor when the ywere coming in car from the officers' club.

12-30 P.M.

The Sub-Inspectors have cultivated the habit of beating the people. The Sub-Inspector has beaten a lecturer. One more case is going on in another police station. They have also cultivated the habit of beating the responsible people. These are very important things.

MR. DEPUTY SPEAKER.—The Government has come forward with action. It is under investigation.

SRI QAMARUL ISLAM.—When prima facie the case is established, it I request the hon. Minister that the Sub-Inspector should be suspended immediately. Let the investigation continue. If he is not suspended there is a possibility that the Sub Inspector will use his influence and the whole case will be changed. There must be certain action against him. Otherwise other police officers also will cultivate the habit of beating the people, lecturers etc. We have seen the Sub-Inspectors beating legislators. Now they may beat the Minister also. That day is not far away.

SRI M. VEERAPPA MOILY(Minister for Finance and Tourism).—Sir, hon. Member Sri Qamarul Islam has stated that he is in the personal know of the things. According to the Report, minor injuries are there. Government has definitely done whatever was to be done under the circumstances by filing cases against the Sub Inspector and also by instituting disciplinary procedings. In the Statement I have said that the cases are under further investigation. The Government has promptly acted and as not kept quiet. If there was the necessity of suspension, it would have been done. When further investigation is going on, at this stage, we never feel that there should be suspen

tion of the Sub-Inspector. Whatever was necessary under the circumstances has been done. By investigation if it is learnt that *prima facie* evidence is there. Government will not hesitate to keep him under suspension. Afterall we cannot apply the instrument of suspension in every case. Disciplinary action is on against the Officer. Suspension will have to be done in certain cases and not in all the cases,

(iv) Distribution of land along with standing trees by revenue authorities to four hundred people at Yemmedoddi behind Madaga Tank.

SRI K.M. THAMMAIAH (Kadur).—Sir, I would like to call the attention of the Minister for Revenue of the distribution of land along with standing trees by the revenue authorities to four hundred people at Yemmedoddi behind Madaga Tank and thereby causing loss of revenue to the Government.

SRI MALLIKARJUN M. KHARGE (Minister for Revenue).—Sir, I wish to make the following statement.—

It is reported that in Yemmedoddi, Kadur Taluk, Chickmagalur District, large scale unauthorised cultivation of Government lands by landless persons since 10 years were in existence. As per G. O. No. RD 105 LGP 77, dated 1-9-1977 which provides for grant of lands to landless unauthorised occupants upto 2 hectares of dry land or its equivalent, 223 persons have been granted 633 acres of land, out of which 213 acres have been granted to 68 scheduled caste persons and 420 acres in favour of 155 persons of other communities. Since the areas which were so granted contained tree growth, Saguvali Chits are reported to have been issued to the grantees by the Tahsildar on the specific condition that the trees are reserved to Government and that they are not to be cut and removed by the grantees. These grants are reported to have been made during March, 81.

It came to the notice of the Deputy Commissioner Chickmagalur that some of the grantees were trying to cut the trees on the land. Therefore, the Deputy Commissioner has asked the Assistant Commissioner to visit the spot and make enquiries to ensure that the valuable trees are not cut by the grantees. Besides, the Deputy Commissioner has taken action to review all the cases of grants and to ensure that wherever violations of geant conditions are noticed to initiat action for cancellation of land grants. The matter is under detailed enquiry and investigation by the Deputy Commissioner Chickmagalur. He will be asked to complete the enquiry and to take immediate action against all concerned for irregularities, if any, in the orders of grant and also against violation of the condition of grant, and to ensure that the tree growth is preserved.
